You're a Panda!
Motto: Let's all get along

13 percent of the UK population are Pandas.

Pandas are warm and friendly. Admired for being loyal and organised, they are often good talkers who love connecting with people. The most sociable of all personalities.

Panda strengths

Pandas are great at communicating, often acting quickly and without a fuss. Popular team members, they always know what's going on and are great at keeping everyone involved.

Pandas:

- Cheerful, with bundles of energy and warmth
- Confident and love trying out new things
- Sociable and party-loving, enjoy seeing friends
- Show their feelings but often put friends' feelings ahead of their own
- At their best when feel liked by teachers and other adults
- Often modest about their achievements and surprised at how well they're liked
- Usually enjoy discussing opinions, values and views, especially about people
- Provide stability and structure. Loving, supportive and protective

As a leader

Sociable, caring, decisive, respect and follow procedures, expect deadlines to be met. Sometimes their desire to please people and follow the rules can cause personal stress.

Tips for Pandas

Don't try and be perfect all of the time.

Take the Buzz Quiz and explore real-life career videos and ideas for your future at icould.com

The Buzz Quiz was developed by Education and Employers' partner David Hodgson to help young people make more informed course and career decisions, boost self-awareness, and better understand others. Personality-type theory has roots in the work of Carl Jung, the founder of analytic psychology. It was later developed by Isabel Briggs Myers, as the Myers-Briggs Type Indicator®, and David Keirsey's Temperament Sorter. The Myers-Briggs Type Indicator and MBTI are registered trademarks.
